

# UniDirect Diploma of Commerce

## Choosing Your Major or Double Major

At UniDirect, we look forward to welcoming you into our Diploma of Commerce program.

Can you please take a little time to read this document carefully and then send us a short email about your choice of major.

You need to know what you are going to **major** in before you arrive for orientation.

Your major is your area of specialisation in your Bachelor of Commerce degree.

For example, you might wish to have a single major in

- Economics
- or Information Technology
- or Management
- or Accounting.

Or you might have a double major in

- Accounting and Finance
- or Asian Studies and Finance
- or Business Law and International Relations
- or Management and Human Resource Management

**You will do the same number of units per semester whether you study a single major or a double major. The fees are the same for a single or a double major.**

We need you to email your choice of major to UniDirect before you come to orientation so that we can enrol you correctly.

Your choice of major or double major will depend on your stream (ie Curtin Stream or UWA Stream).

**Please use the list on page 3 and 4 to choose your major/double major.**

# Important!!

After you have selected your major or double major, can you please:

1. Complete the table below.
2. Copy and paste it into your email

<b>Your Surname</b> (Family name )	
<b>Your First name</b>	
<b>Date of birth</b>	
<b>Stream</b> (Curtin Stream or UWA Stream)	
<b>Type of Major</b> (Single Major or Double Major)	
<b>The Name of your Major or Double Major</b> (Please specify course eg, Accounting, Accounting and Finance, etc)	

3. Email it to:

[unidirect@canningcollege.wa.edu.au](mailto:unidirect@canningcollege.wa.edu.au)

**by Friday 10<sup>th</sup> February, 2012**

# CURTIN

Western Australia**

If you are in the UWA Stream, and would like some further information on the majors available <http://www.business.uwa.edu.au/courses/undergrad>

If you are in the Curtin Stream, and would like some further information on the majors available <http://handbook.curtin.edu.au/courses/13/130099.html>

## Some suggestions to help you

### Double majors

A double major is where you are an expert in two fields. For example, you might have a double major in your Commerce degree of Banking and Finance or in Marketing and Public Relations. So that we can enrol you in the correct units, it is important that you know your major when you come to the Diploma of Commerce Orientation. This is because many units have pre-requisites. This means, for example, that you cannot study Accounting 101 until you have passed Accounting 100. That is, Accounting 100 is a pre-requisite unit for Accounting 101.

**Please take the time to choose your major.**

### How to choose your major

To get a better idea of you major, you might wish to:

- Talk to family and friends
- Talk to people who work in fields which interest you
- Look at websites which provide career information
- Speak to a counsellor.

Another approach is to consider your personality. Ask questions like:

- Do you like numbers or words?
- Do you enjoy dealing with people or with things?
- Are you more creative than logical?
- Would you enjoy working as part of a team or as an individual?
- Do you like travel?
- Do you enjoy managing people?

### Online help

You can look at websites which explain careers.

### Australian websites

#### Gradsonline

#### Getaccess

Get Access is a Western Australian website which describes in detail what different professions (such as accountants, economists and financial analysts) are all about—and what sort of salary range each is likely to earn.

<http://getaccess.westone.wa.gov.au/>

### Chinese website

Information about Majors and Careers (in Chinese)
