CANNING COLLEGE STUDENTS @ UWA

Pictured are Canning Diploma of Commerce and UWA Business School students in one of UWA's new lecture rooms during a recent activity provided by UWA's SIFE Team (Students in Free Enterprise). Included was a business simulation which was very successful.

Canning students do more than sit in classrooms— learning is enhanced by excursions.

During September:

1. **Year 11 science** students visited Curtin for activities involving the Science and Engineering Schools.
2. **Alternative Year 12** students visited TAFEWA's Bentley campus for a first-hand view of TAFE courses and facilities.

FAMILY HISTORY @ CANNING COLLEGE

Like father....like son

In 1984, Johni Iskandar from Palembang, Indonesia, did Year 12 at Canning College and qualified to enter Curtin University (then called WA Institute of Technology) in Information Processing (now called Computer Science). Johni graduated in 1988, one of the first year to graduate with a Curtin University degree.

The years have passed...

Now Johni's son Reynaldi Iskandar, a student at SMA Xaverius 1 in Palembang, is preparing to follow his dad and qualify for university entry by completing a Canning course. Reynaldi has Commerce at UWA as his objective. His pathway at Canning will be Certificate IV (Commerce) + Diploma of Commerce: UWA Stream, then, into year 2 Bachelor of Commerce at UWA.
