#### JEAN TISSINGTON RETIRING

Happy & sad news....

It is sad to report that after 8.5 years at the Accommodation Office of Canning College, Jean is leaving for a thoroughly deserved retirement.

On the happy side, Jean can focus on her out of college interests such as aid projects in Cambodia where she and her husband, Ray, do volunteer work.

Throughout her time at Canning, Jean has been hardworking and dedicated to the interests of students and their families. She has gone to great lengths to assist students with problems. There are many students who owe Jean for their successes.

Jean has also been highly valued by her workmates and academic staff for her tireless "nothing is too much trouble" approach.

With Jean's leadership, Canning proudly boosted one of the best accommodation services.

**We wish her well & every happiness.  
 Thanks for everything, Jean!!**
