Western Australian Universities' Preparatory Program (WAUPP)* 2011

* Previously Western Australian Universities' Foundation Program (WAUFP)

Pathways for students enrolling in 2011

On the basis of the subjects offered in the WAUPP, students can qualify for entry into almost every type of university course – medicine, dentistry, commerce, computing, law, sciences, arts / humanities, engineering / technology and so on.

Guaranteed places are provided to, successful students, by Western Australia universities ^ – exceptions include medicine, dentistry, veterinary science.

WAUPP subjects offered in 2011

Subjects offered are highly relevant to contemporary education and career directions.

<p>English Language and Australian Cultural Studies (ELACS). Compulsory. Pass mark is 50%. Some university courses require a score greater than 50%.</p>	<p>Elective subjects Accounting and Finance Business Management & Enterprise Chemistry Computer Science Earth & Environmental Science Economics History – Modern Human Biological Science Mathematics 2CD Mathematics 3AB Mathematics 3CD Mathematics 3CD – Specialist Physics Psychology – new in 2011</p>
---	---

Students will normally be enrolled in ELACS (English Language and Australian Cultural Studies), the only compulsory subject, and 4 electives. The final score is based on the average of the best 3 electives. The electives offer students flexibility and choice in subjects undertaken.

The following demonstrates **possible subject combinations** which prepare students for particular university course areas.
