Story of Success from 2001

During a recent visit to Kenya I was fortunate to meet a past Canning student who was arranging for her cousin to study at Canning.

In 2001, Sophie Muchina studied Foundation at Canning. From 2002 she studied undergraduate Psychology at UWA followed by a Grad Diploma in Brisbane.

Sophie now owns and runs a counseling / consultancy company in Kenya.

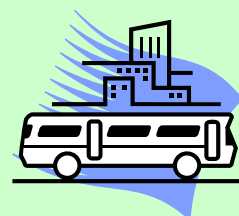

FREE HAIL AND RIDE BUS SERVICE

Canning College is joining the new Curtin University initiative—"CABS" - a free hail and ride bus service through Bentley, St James, Karawara and Waterford.

CABS along with Transperth services will greatly improve the convenience of local bus services for homestay students and those in private rentals.

CABS will run from 7.30am to after 10.00pm and will greatly improve the secure transport in the Canning area.

Students will need to show their Canning ID card to gain access to CABS.
